

PHONE SYSTEMS FOR EVERY TECHNOLOGY NEED, WE HAVE THE ANSWER

TOTAL COMPUTING SOLUTIONS

Helping more than 1,200 offices be more productive since 1998.

We understand your communication needs

We recognize that it is important to consider cost, current needs, future expansion and options such as voice mail, music on hold, and call forwarding when choosing a phone system that is right for your business.

Our certified and knowledgeable telecommunications consultants are on-staff to help you determine the best solutions for your business.

With custom programming to suit your business needs, combined with thorough training and support, we offer IP and PBX Voice communication solutions, including Voicemail and Advertising-on-Hold.

We can also help by supporting your current phone system and communication needs.

With over 25 years of combined telecommunications experience, our consultants and technicians are highly skilled in helping your ideas come to life.

Telecommunications technology is changing rapidly and you need someone to keep you up to speed. Our telecommunications consultants can provide the products & services that will take you to the next-generation telecommunications era.

Phillips Consulting offers a wide variety of Telecommunications options which include:

- Phone and Voicemail systems
- Hands-Free & Wireless Headsets
- Answering & Fax Machines
- Audio & Video Conferencing Solutions
