

STEREO SYSTEMS FOR EVERY TECHNOLOGY NEED, WE HAVE THE ANSWER

TOTAL COMPUTING SOLUTIONS

Helping more than 1,200 offices be more productive since 1998.

Phillips Consulting is your one source for superior quality audio equipment.

We offer high end audio equipment for businesses and homes. The products we carry combine design with function, achieving products that redefine the meaning of reliability, sound quality and efficiency. Professional audio equipment that is capable of delivering the power and quality needed to suit your lifestyle or office environment.

We offer several affordable and diverse options that deliver professional quality sound to your home or office. Whether you're relaxing by your pool, entertaining guests, or you simply want to create a particular atmosphere in your office, our skilled and experienced staff can design and install a sound system that will suit your needs.

Our sales consultants and installers are some of the most highly trained and experienced in the industry, allowing us to provide the finest service possible. We know that our customer's needs are paramount in any design process.

Our high quality audio options include:

Commercial Grade Options (Basic):

- Audio Amplifier/Stereo Receiver
