

WIRING AND WIRE MANAGEMENT

FOR EVERY TECHNOLOGY NEED,
WE HAVE THE ANSWER

TOTAL COMPUTING SOLUTIONS

Helping more than 1,200 offices be
more productive since 1998.

Wiring is the backbone of your office. Our skilled wiring technicians will service, maintain, add on, repair, test, or install any new or existing system.

We use only high quality wire management equipment and hardware to create a visually appealing job and structurally sound technology infrastructure.

Our wiring technicians are highly skilled and can run wire to locations that might seem impossible.

Our professional and experienced installers use only name brand, high quality cabling termination equipment and all drops are clearly labeled at each end and verified for connectivity.

Our work will always meet and usually exceeds requirements of state and local building codes, including any necessary permits.

Network and System wiring include:

- Data: Cat 5e, Cat 6, Plenum
- Video: Coaxial, S-video, Composite, HD
- Voice and Phones
- CATV and CCTV, Satellite, HDTV
- Access Control
- Stereo, Remote Controls
- Interoffice communication
