

FOR EVERY TECHNOLOGY NEED, WE HAVE THE ANSWER

TOTAL COMPUTING SOLUTIONS

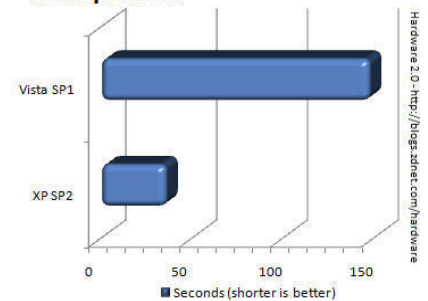

Helping more than 1,200 offices be more productive in the healthcare industry since 1998.

That's why we are recommending purchasing PCs with Microsoft Windows XP versus Microsoft Vista for as long as Microsoft allows.

The Reasons

- On average, Windows Vista was 20% slower than Windows XP in benchmarks concerning menu use. **Pfeiffer Consulting 2007*
- Vista also had a "clear disadvantage" when trying to open folders and deleting elements versus Windows XP. **Pfeiffer Consulting 2007*
- Incompatibility with peripherals such as printers, label writers, intra-oral cameras and digital x-ray devices
- Practice Management and digital x-ray software incompatibility

Extract from compressed folder - Multiple files

Microsoft is phasing out Windows XP and it will no longer be available in 2009 on new PC purchases.

We can help!

Dell is currently offering an option to purchase a 5-year warranty with the purchase of a new PC with Windows XP. This warranty covers 24/7 telephone hardware support, major physical parts replaced on the computer and next-business day Dell certified technician for repairs.

If you are planning on purchasing new computers this year, please contact us. We can provide a solution that will allow you to continue running your practice efficiently.

Pricing and Options may vary
